

Press Release

LogiMAT | Intelligent Warehouse 2022 Soars with Success Over 3,635 attendees from 20+ countries around the world

- *Industry's key business platform and trade show brings together logistics networks from around the world, creating a base for growing investment in Southeast Asia*
- *The premier trade show for intralogistics solutions, warehouse, and process management is driving Thailand's emergence as the prime gateway in SEA for intralogistics and capital inflow*

Bangkok, October 28 – Expolink Global Network Limited, EUROEXPO Munich, Messe Stuttgart, and the Thai Intralogistics Association, with support from the Thailand Convention and Exhibition Bureau (TCEB) and Thai Chamber of Commerce, celebrated the success of the first-ever LogiMAT | Intelligent Warehouse, held October 26–28, 2022. Buyers and importers created a network of intralogistics enterprises from over 20 countries around the world, boosting Thailand's profile in the intralogistics industry as a global investment hub and destination in Southeast Asia.

The success of LogiMAT | Intelligent Warehouse 2022 is the result of a strong collaboration between LogiMAT, the world's leading intralogistics trade show in Germany, and Intelligent Warehouse, Thailand's leading intralogistics event. The Thailand Convention and Exhibition Bureau (TCEB) and Thai Chamber of Commerce also provided support. The event's success demonstrates the global demand for Thailand's ten "S-Curve Industries," above all intralogistics, and the growing confidence in industry safety standards.

Response was overwhelming, with 3,635 attendees visiting from 20+ countries around the world:

October 26: 1,392 visitors (1,148 from Thailand, 244 from abroad)

October 27: 1,244 visitors (1,016 from Thailand, 228 from abroad)

October 28: 999 visitors (781 from Thailand, 218 from abroad)

Following Thailand, the largest country groups were from Singapore, Malaysia, China, India, and Germany.

LogiMAT | Intelligent Warehouse 2022 brought together over 100 exhibitor brands. The event’s success helped alleviate the effects in the industry from the unprecedented challenges of a global pandemic and ongoing digital transformation. LogiMAT | Intelligent Warehouse is the ultimate platform for Southeast Asian enterprises large and small in warehousing, storage, material handling, intralogistics systems, cold chain services, and supply chain management to connect with top industry leaders, buyers, and investors and explore new growth opportunities. Five highlights were crucial to the event’s success: 1. Thai Intralogistics 4.0 Forum—Orange Forum; 2. Intralogistics Solutions Forum—Blue Forum; 3. Activity Zone “When Man & Robot Work Together”; 4. Activity Zone “Young Gen Showcase”; and 5. Intralogistics Clinic.

Organizers are building on the success of this year’s event by planning the next **LogiMAT | Intelligent Warehouse**, scheduled for **October 27–27, 2023**. For more information and updates, visit www.logimat-iw.com or follow us on Facebook: <https://facebook.com/logimatIW>
